

- 1) Possible bus stop arrangement alongside Blackpool Church (Watercourse Road)
- 2) The bus heads for its stopping position along a straight line, and follows the stagger only when leaving.
- 3) Other vehicles cannot pass when bus is stopped.
- 4) Pedestrians cross at island, where speeds are lower
- 5) At the wider footway sections, there may be scope for parking/loading bays, but this may not be desirable at Blackpool Church.
- 6) Boundary lines show limits of scheme, and not necessarily represent walls/buildings.
